

Stakeholder Survey Report: **POLYMERIT** Public Response

Prepared by: **Team Tendons**

Sample Size: **10** Public Participants

Status: Initial **Concept Validation**

QUICK SUMMARY

Project Name: **POLYMERIT.**

People Surveyed: **10** participants

Main Takeaway: The idea is generally appreciated by the participants giving an overall **positive** response.

WHO PARTICIPATED?

- AGES **18–25** : **3** PEOPLE
- AGES **26–45** : **4** PEOPLE
- AGES **46+** : **3** PEOPLE

OBJECTIVES & PROJECT OVERVIEW

Concept Overview: A service in which plastic waste is collected from individuals for a particular affordable cost and analysed and user will get points based on the quantity and quality of the plastic like whether dry or wet ,separated or free from food stains. You will get maximum points if the plastic are dried,separated,free from food stains.Later,at the time of next collection LPG,CNG,diesel

or petrol or usefull products are given to the user based on the points.

Key Objectives:

- Analyse general **public interest** and initial impressions of POLYMERIT.
- Identify how much **acceptance** and **willingness** vary across age demographics.

What people liked?

- The proposal that they will get **usefull fuel/products** from their plastic waste.
- The way the idea **acts** to make others **aware/responsible of their own plastic waste**.

What confused people?

- The **scientific side** of the idea made the people confused.
- The **practical aspect** made the people hard to understand.

How they responded?

Age group	Response	Primary focus
18-25	Very interested	Focus on innovation and scientific aspects.
26-45	Interested	Focus on cost and practicality.
46+	Neutral	Focus on Trust Factors and simplicity.

EXECUTIVE SUMMARY

Project Name: POLYMERIT

Survey Purpose: Public Response & Concept Validation

Sample Size: N = 10 participants

Overall Sentiment: This report summarizes initial public feedback on POLYMERIT gathered from a 10-person representative sample across three age brackets. Overall sentiment was 80% positive, with high enthusiasm for the concept's potential.

-----THE END-----
